14. LG elbow
15. LG downpipe
16. Pipestrap
17. Offset elbows*

*Offset elbows are generally used to get around ledges on the exterior of the home.

Pro Tip!

Each year your home's eavestroughs can become clogged with debris or animal nests, if not cleaned regularly. A clogged eavestrough can cause water to overflow and eventually lead to significant issues around the exterior of the home.

Inspect your rain carrying system at least twice a year to prepare for the higher rainfall months.

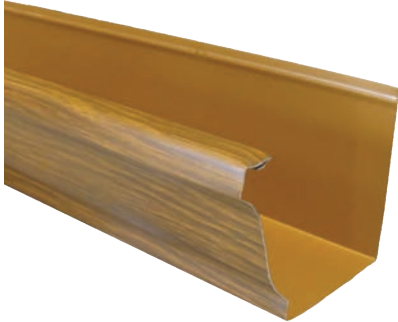

EAVESTROUGH AND ACCESSORIES

A home's rainware system is intended to catch rainwater that rushes down from the roof and divert it away from your home. Utilizing BMI's eavestrough and accessories, you can create a leakproof solution to collect rainwater and protect your home.

ALUMINUM SIDING

BMI offers two profiles of aluminum siding, V-190 and V-Groove, which have a woodgrain embossing texture that provides durability and style. Both profiles are available in over 40 colours, including the nature inspired Simcoe Series.

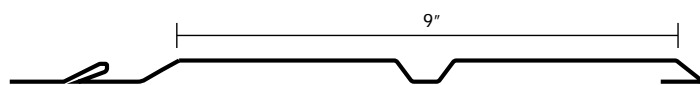

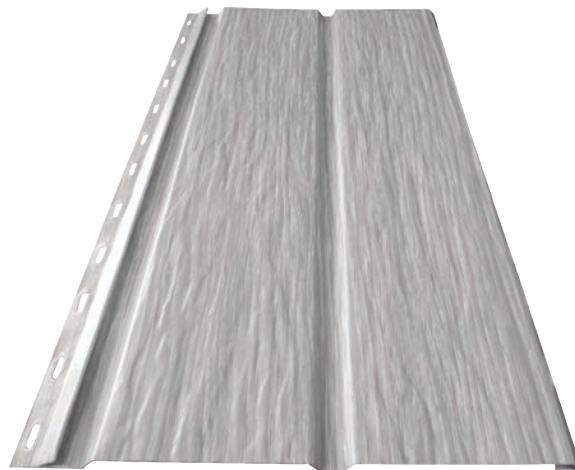

V-190 Aluminum Siding

*Shown in Honeycomb

V-Groove Aluminum Siding

*Shown in Solstice Grey

SIDING	THICKNESS	WIDTH	LENGTH	PIECES/ CARTON	COVERAGE/ CARTON
V-190 Aluminum Siding	Solid: .022" Simcoe Series: .024"	7 1/2"	10'	16	100 sq ft
V-Groove Aluminum Siding	Solid: .018" Simcoe Series: .024"	9"	10'	13	97.5 sq ft

A low maintenance and durable siding choice.

It won't rust or rot, and our paint finish will not chip, peel, flake, or blister.

Aluminum is fire resistant and hard for insects and pests to penetrate through.

ALUMINUM SIDING

V-Groove Aluminum Siding in Hazelnut

Available in

**HORIZONTAL
&
VERTICAL**

These two beautiful profiles are your home's next siding solution to add beauty, style, and value.

V-190 Aluminum Siding in Barn Board

ALUMINUM SIDING

Add value and life back into your home's exterior with the style and durability of Buchner Manufacturing's aluminum siding. V-190 and V-Groove aluminum siding gives your home the protection it deserves. Whether installed horizontally or vertically, these profiles are both formed to lock together, creating a weather-proof seal, resist damage, and prevent mold and mildew. Both profiles are available in your favourite BMI colours, including the seven nature inspired colours of the Simcoe Series.

MITTEN®

BUILDING PRODUCTS

Mitten is the original Canadian vinyl siding manufacturer and a coast to coast distributor of premium exterior building products. With an extensive portfolio of siding, shake, stone, accents and more, Mitten provides an endless variety of product and design solutions to handle any project.

Build BOLD

Create a look that's all your own.

VINYL SIDING

Mitten is Canada's #1 choice for vinyl siding and sets the benchmark for quality, design options and product availability.

Rustic Colours:											
	Burnt Sienna	Farmhouse	Arctic Grey	Hemlock							
	Natural Standard Colours:							Bold Premium Colours:			
		Frost	Bone	Ivory	Cypress	Sage	Sandcastle				
											
Stratus		Flagstone	Satin Grey	Brownstone	Hearthstone	Sandalwood	Grenadier Green	Muskoka Green	Khaki Brown	Caribou Brown	Coffee Bean
											
Ash	Saffron	Nickel	Indigo				Rockaway Grey	Gunmetal Grey	Eggplant		

Due to printing process, colours may not be exactly as shown. Please refer to samples for true colour.

*Siding and shake pictured in Flagstone

MITTEN BUILDING PRODUCTS **COLOUR-MATCHED SHAKE**

Alongside vinyl siding, Mitten also features an exclusive 8' colour matched shake panel available in 26 of our most popular vinyl siding colours.

- Replicates the appearance of real wood
- Colour throughout entire panel
- Formulated with superior U.V. Inhibitors
- Exceeds industry standards for fire rating, fading, wind resistance, and impact resistance.
- Engineered to withstand extreme temperatures
- Sturdy and lightweight
- Traditional seamless finish

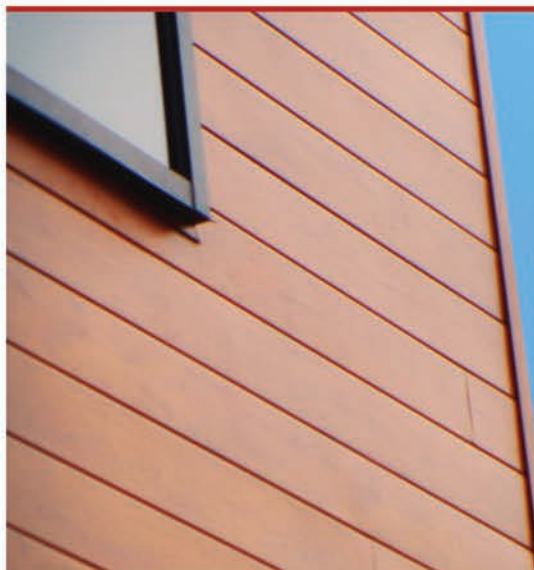

*Stone pictured in Artisan Cut - Latte

NOVIKStone™

Available in Artisan Cut, Stacked Stone and Drystack (DS)

NovikStone panels are an attractive, low maintenance and easy to install alternative to traditional masonry products.

- Lightweight, yet rigid and durable
- Fast, easy one-person installation
- Installs with traditional tools
- Clean to install, no mortar or adhesives required
- Impervious to moisture
- Lifetime Limited Warranty

*Lux panel pictured in Cedar

LUX ARCHITECTURAL PRODUCTS

Professional Grade Polyurethane Gun Foams

IPFfoams

IPF Green Gun Foam

FEATURES:

- CCMC Approved #13531-L
- Closed Cell Structure
- Low expansion + high density
- IPF Green has achieved GREENGUARD GOLD Certification
- Effective pest control benefits
- Class 1 - Fire retardant CAN/ULC-S-102

DETAILS:

SKU: APCG6590995 Can volume: 29oz.
QTY per case: 12 cans 18 month shelf life*

IPF AllWeather Pro Gun Foam

FEATURES:

- Ideal for low temp & humidity installations down to -10°C
- IPF AllWeather Pro has achieved GREENGUARD GOLD Certification
- Closed Cell Structure
- Low expansion
- Class 1 - Fire retardant CAN/ULC-S-102

DETAILS:

SKU: APCG6590996 Can volume: 29oz.
QTY per case: 12 cans 18 month shelf life*

Rivenco X Gun Foam

FEATURES:

- High yield, low expansion
- Closed Cell Structure
- Low temperature performance to -18°C
- Meets ASTM E-283
- UL certified
- High adhesion
- R Factor: 4-5 per inch

DETAILS:

SKU: APCG6600997 Can volume: 29oz.
QTY per case: 12 cans 15 Month shelf life*

Why Choose

a GREENGUARD GOLD Certified Foam?

Improved Indoor Air Quality

GREENGUARD GOLD Certification ensures healthier air.

Passed Most Stringent Testing in the World

GREENGUARD GOLD Certified products are tested for over 360 chemicals, guaranteeing non-harmful emissions.

Guaranteed Safety

UL requires GREENGUARD GOLD Certified products to be tested annually to maintain certification.

Respected and Trusted

GREENGUARD GOLD Certification is endorsed and accepted by established organizations.

o-ZONE

Friendly HFO Propellant

All Rivenco gun foams use HFO blowing agents and are free of o-zone damaging HCFCs.

FOAM GUNS

IPF Eco Professional Foam Gun

- High quality, Swiss made foam applicator gun
- Extremely durable plastic that does not warp
- Long life-span, no rubber seals
- Ultra-sensitive control settings
- SKU: APCG65830000

Mid-Range Foam Gun

- All metal gun with plastic handle
- Ergonomically correct
- Light weight and durable
- Can be used on most gun foam products
- SKU: APCG6580000

GUN FOAM ACCESSORIES

Lubri-Clean Foam Cleaner

FEATURES:

- Dissolves uncured foam
- Cleans and lubricates guns
- Includes applicator tip
- Easy & safe to use

DETAILS:

SKU: APCG6570000
QTY per case: 12 cans
Can volume: 12oz.

4" Flexible Foam Reducer / Gun Extension

FEATURES:

- Works on all Rivenco foam guns
- Reduces gun tip to 1/8"
- Great for minimal clearances
- For use in tight applications keeping your gun upright

DETAILS:

SKU: APCG6585001
Sold individually

Windows
For Life™

ULTRA PREMIUM PLUS

Increase your home's comfort level, and decrease energy costs by considering the option(s) below:

Solar Gain Low E Glass

The best glass for most applications in a northern climate. High retention rate of heat in the winter and prevent heat gain in the summer.

Solar Shield Low E Glass

Chosen when cooling costs outweigh heating costs or when heat build up in the summer is a concern.

E-Clean Glass

Combines the benefits of Solar Shield LOW E with unique outer glass coating that gradually breaks down dirt while causing rain to sheet.

Argon Gas

Reduce your windows' conduction and convection of heat.

- Vinyl Windows
- Patio Doors
- Entrance Doors

vinylwindowdesigns.com

Open your doors and windows to a new and colourful world offering unlimited possibilities!

ARD Doors have an extensive colour palette that includes digitally reproduced colours that will last for years. These doors feature increased resistance against humidity and abrasion while having minimal heat absorption but maximum heat reflection.

ARD meets international standards, is durability tested in extreme temperatures, and features a 10-year descending warranty against paint chips, blisters, crazing, or corrosion.

Only available at our Kingston retail location.

COPPER PRODUCTS

With its increased durability and longevity, copper adds a unique and timeless look to any building.

Siding and Roofing Fasteners

Choosing the right fastener

It's critical for any home project to choose a fastener based on the resistance to corrosion for each building material, not on convenience. Certain materials can cause a reaction to one another, which will affect the lifetime of the product and warranty. When installing aluminum siding or roofing, we recommend using stainless steel screws as they are more durable, easy to use, and won't corrode.

EAVESTROUGH MACHINE ACCESSORIES

Accessories for a trough machine can make any contractor more efficient, saving time and money on the job site.

Trough Stands

Trough Run Out Stand

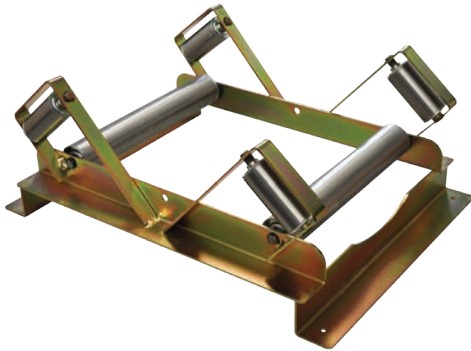

Trough Mate

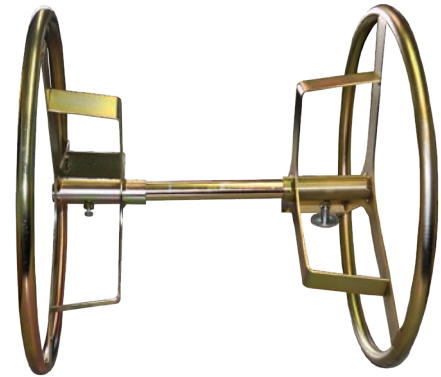

Coil Stands

Coil Cradle

Stock Reel

PRODUCT	SIZE	APPLICATION
Trough Run Out Stand	Universal	Provides stability for eavestrough when it's being extruded out of a eavestrough machine. These stands should be placed every 10'.
Trough Mate	Universal	Temporarily nailed to the fascia to support longer pieces of eavestrough. Makes it easier for one person to install eavestrough on the home.
Coil Cradle	Fit 5" coil	Sits on the ground and holds the eavestrough coil in place while it's being extruded through the machine.
	Fit 6" coil	
Stock Reel	Fit 5" coil	Mounted ontop of the machine using the Ironman Turnstile Up-right, the stock reel holds the coil in place while it's being stored or extruded through the machine.
	Fit 6" coil	

TOOLS

Buchner Manufacturing offers a wide range of quality tools to assist with all installations. Below are just a few of the most popular. Visit one of our branches or the website for a complete list.

BMI Short Hex Head Driver

Designed for 1/4" hexagon inserts. A perfect fit for our screw-on hanger hex screws.

6" Magnetic Quick Release Extension

Designed for 1/4" hexagon inserts and power bits. The black spinning sleeve allows for stabilization of the bit while in use.

Coil Cover

Protect your trough coils during transportation or storage.

Caution Flag Clamp

Clip to the end of materials after loading so other drivers are aware of the load.

Zipper Siding Removal Tool

Hand tool to unhook siding panels on the exterior of a building.

Flatstock Band

Protect your trim coils during storage with our flatstock bands.

BMI Punchlet

* Available in 3x3 & 4x4

The outlet is created with the trough material

Create outlets faster when you're on the job

Throat area fits 5" & 6" trough

Toll Free 800-461-6455

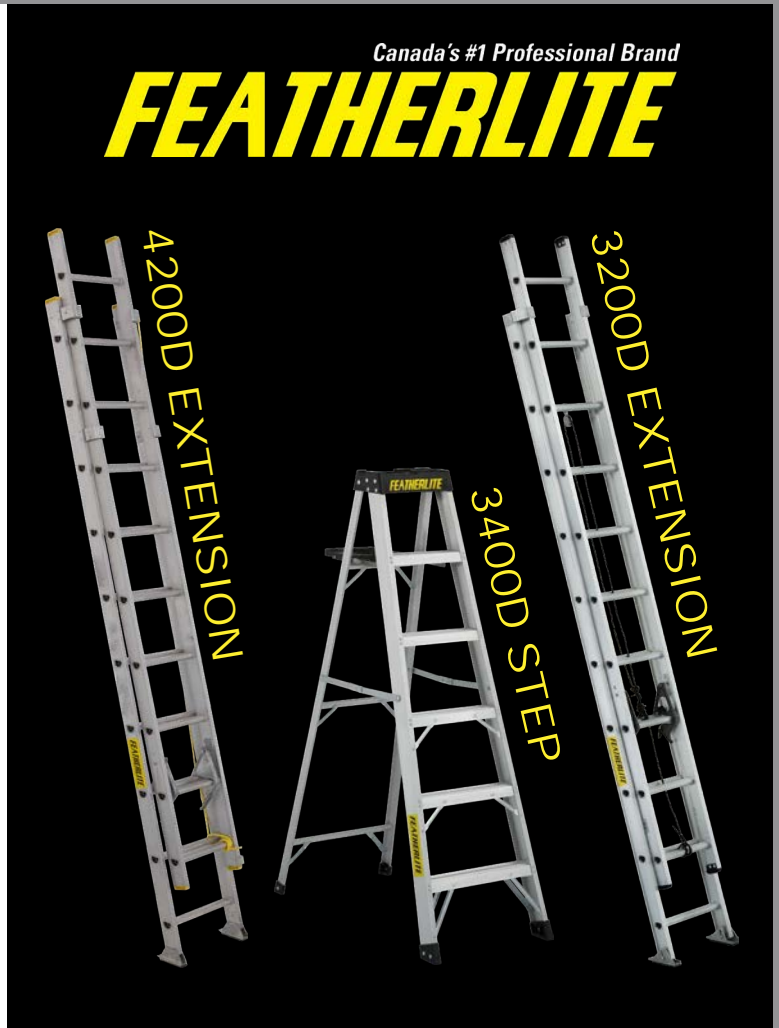

Ladder Max Stand Off

Installs onto the top of your ladder to give you extra workspace while protecting your eavestrough, siding, and roof. The Ladder Max Standoff prevents damage to your home while adding stability and increased safety when stepping on and off a roof.

Folding Saw Horse

Use a folding saw horse to setup a work table or as a stand for your equipment. Folds away for easy storage using a minimal amount of space.

Canada's #1 Professional Brand

FEATHERLITE

Light Gauge Residential Brakes

Mark II TrimMaster® - TM10*

For bending light gauge trim coil for siding, windows, and roofing.

Metal Master® 20 - MM1050*

Heavy Duty Residential Brakes

Mark II TrimMaster® HD - TM10HD*

For bending slightly heavier gutter coils.

OUR STORY

It all started with a desire to create something better. In 1979, Gerry Buchner, an aluminum siding installer, was frustrated with the quality of aluminum building products available on the market. He vowed to make durable products that were designed for the end user and easier to install. Thus, Buchner Manufacturing Inc. (BMI) was born.

In the early days, Gerry and his sons, John and Andy, installed the products in addition to manufacturing them. As the business developed, they decided to step away from installations and focused solely on production. They expanded BMI's manufacturing to include steel and copper products and started carrying items like vinyl siding, sealants, fasteners, metal roofing, and other exterior building products. From its humble beginnings in Pefferlaw, ON, Canada, Buchner Manufacturing has grown to become one of the leading manufacturers of building products, servicing North America and other locations around the world.

"Our approach has always been to do things "the Buchner way", which means operating with integrity, produce high quality products with the end user in mind, and going the extra mile with our customer service."

-John Buchner, Vice President of Buchner Manufacturing

Today, BMI has two manufacturing plants and five retail locations throughout Ontario. Our teams take pride in providing excellent service to all customers – from homeowners to local contractors to distributors. No matter how large or small the project, BMI can meet all of your building needs.
